Current Needs

Why there is a need: Alpha is 100% privately funded, and there is no tuition charge for those served. We are always in need of financial support, as well as food, clothing, and toys for the kids. We also have a list of special needs.

Alpha is a ministry for children in need due to abuse, neglect, being orphaned, troubled, or other forms of dysfunction. Alpha provides the children with a loving family and opportunities for healing and growth. A school learning center promotes excellence and success academically, sometimes for the first time, for each child.

Summary of Alpha's Mission for Children:

Alpha is all about helping kids who come from a variety of situations where they need a fresh start from whatever brought them here. We do three things at Alpha. 1. We unashamedly tell the kids in our care about Jesus Christ. We feel only He can bring hope and healing from whatever brought them here. 2. We give the kids a safe and loving place to live while in our care. We want the kids to experience the love of the family of God, and see the closest thing we can provide to His plan for a family. 3. We provide the kids in our care with a good education that helps them overcome their past educational struggles, and achieve their dreams. Unfortunately, many of our kids are a couple of years behind when they arrive. They will stay here at least one year or longer, and in that time we try to get them caught back up and ready to succeed in their next educational location after leaving our home. Those that graduate from our school can take their diploma with them into college, the workforce, or the armed services.
